

Hampton Court Festival

The 2011 Hampton Court Festival, 8th – 18th June, was organised by the experienced team at PWR Events and was a roaring success. Featuring famous musicians of all genres, concert goers experienced an outdoor summer festival in one of the most famous landmarks in London. The line-up was impressive with some stellar talents such as Bryan Adams, Jools Holland, James Blunt, Don McLean all took to the stage. On the last night of the festival there was a special finale with classical music and a huge fireworks display too.

Power Logistics were called upon to provide power for all bars, food stands, ticketing areas, public address and to lighting equipment. In addition they designed and supplied tree lighting to the main east front of the Palace; festoon lighting to the surrounding food areas, bars and wilderness gardens; fluorescent lighting for the ticketing and storage tent areas and an emergency lighting system for the main auditorium grandstand.

Power Logistics was delighted to support this fantastic event and supply power and lighting for the first time in 2011. The client was delighted with the way in which Power Logistics was able to meet their brief and the service they received. This adds to the existing relationship between Power Logistics and PWR Events as they already work together on Winter Wonderland.

Extra info

Power Logistics is a global leader in the provision of temporary events power. Our customer focused service and well respected track record spans two decades. We have consistently delivered practical expertise in stage power, site electrics, distribution, project management and lighting at concerts, festivals, exhibitions, conferences, parties, award ceremonies and sporting events. Our logistical and electrical safety records are exemplary.

Brief

Client: - PWR Events Ltd
Venue: - Hampton Court Palace
Event:- Hampton Court Festival

To provide support site power

To design and supply lighting for the outdoor visitor areas

After working with Power Logistics at Winter Wonderland for the past 2 years, I knew I could trust them to provide a professional service and that they would 'go the extra mile' for me on our new event. No matter what you throw at them it is never a problem, they only have solutions and a positive, helpful attitude. I look forward to working with them again in the future.
